TO THE COURT AND ALL ATTORNEYS OF RECORD:

Plaintiff MICHELLE MILLER ("Plaintiff") alleges both an action for negligence and products liability. Plaintiff alleges that she was exposed to Mosquito Mist and as a result was injured. Mosquito Mist is a larvicide that Defendant CLARKE MOSQUITO CONTROL PRODUCTS, INC. ("Clarke Mosquito") formulated and distributed. Plaintiff contends that among other things, Clarke Mosquito had knowledge of the hazards to humans, and by not adequately warning of the dangers of the product, it breached its duty of care to Plaintiff. She contends she was exposed to Mosquito Mist while living in the Cayman Islands. The application of Mosquito Mist was allegedly done by the Mosquito Control Research Unit ("MCRU"), a division of the Cayman Islands' government.

During the course of its investigation, Clark Mosquito has discovered evidence that plaintiff may have been exposed to another mosquito abatement product, commonly known as Aqua Reslin

(active ingredient Permethrin) on the date of the incident that gives rise to this litigation. Aqua Reslin is manufactured by Aventis Environmental Sciences USA LP which is a wholly owned subsidiary of Bayer Industries (German company) and distributed by ADAPCO (Sanford, Florida). It is the parties' (Miller & Plaintiff) intention to bring these companies in as defendants and cross-defendants. Because plaintiff and defendant intend to bring these companies in as additional defendants, the currently scheduled dates are not practical. It is respectfully requested that all dates be continued for an additional 90 days.

Further, the assigned Mediator Gregory Wilson notified the ADR administrator that he was not able to act as mediator in this matter due to conflicts in his schedule. Therefore, a new mediator will need to be assigned. A conference with the ADR office was recently held and they are in agreement with the requested continuance.

The following are the current litigation dates that are set in this matter:

- | | |
|---|--------------------|
| 1. Mediation cut-off date : | March 31, 2006 |
| 2. Fact/Discovery cut-off date: | April 14, 2006 |
